Masons Elect Clarence King New Master

Huber Retires After Serving Thirty Years as Secretary

Clarence King was elected by Sequoy Lodge A. F. and A. M., at a meeting Tuesday evening, to succeed Elmer W. Kufalk as worshipful master for the coming year.

Other 1941 officers are John Gaa, senior warden; Arthur Laursen, junior warden; Walter Solomon, senior deacon; Elroy Anderson, junior deacon. Robert Wilton was chosen secretary to succeed Frank Huber, retiring after serving for three decades in that office. The Masonic lodge plans to honor Huber at a later meeting. Emil Lubkeman is the new tyler. An open installation will be held Thursday evening, Dec. 19.

P. T. A. to Inspect "Leisure Time" Activities Monday

"Leisure Time Activities" will be discussed by members of local leisure time organizations at a meeting of the Antioch Grade School Parent-Teacher association Monday evening, Dec. 9, at the school house.

Demonstrations and exhibits are to be conducted by the Girl Scouts, of whom Mrs. Harold Ellis is leader; the Boy Scouts, Edwin Kapsa, leader, and the Girls' 4-H club, Mrs. Earl J. Hays, leader.

The Girl Scouts will speak on "The American Flag and How to Display It." The financing, laws and mottoes of the Girl Scouts will be discussed and they will also display their Second Class scout work.

The Boy Scouts will demonstrate the use of their camping equipment, the use of the compass, first aid and the tying of knots. They will give the history of the flag. Some of the scouts will take some scout tests.

The 4-H Girls will give a food demonstration. Seventh and eighth grade girls will sing Christmas carols.

Cold Weather Disrupts Electric Service Monday

The sudden onslaught of cold and a mechanical defect that caused wire to be weakened, resulting in contraction of a conductor and the breaking of a line on Thompson road near the McHenry county border, was what disrupted electric light and power service in the Antioch area Monday evening around 6:30 o'clock, according to George Joedick, district manager for the Illinois Public Service company.

While housewives scurried around for candles and garage doors and electrically operated machinery rested idle, service was restored within about 10 minutes by switching to other feeder lines.

A repair crew hastily dispatched by the Public Service company of Northern Illinois repaired the break within a short time.

Eighth Grade Pupils Guests of Woman's Club at Meeting

Eighth grade pupils were guests of the Antioch Woman's club for an illustrated lecture, "Over the Andes," given by John Hunter, traveler and business and law expert, at a meeting held by the club Monday afternoon in the grade school.

Twenty-three members of the club were present to hear Mr. Hunter's talk, which proved educational as well as highly interesting.

Hostesses for the afternoon were Meses. Earl Hays, W. H. Osmond, John Horan and H. LaTan.

More than 140 persons attended a chicken dinner sponsored by the Altar and Rosary society of St. Peter's church Tuesday evening in the parish hall. Games and entertainment were enjoyed during the evening.

If You Thought It Was Cold Tuesday—You're Right, Weather Men Aver

The weather was pretty cold Tuesday. In fact, hurried surveys by weather bureau men upheld the contention of "oldest inhabitants" in the Antioch area that it was the coldest December 3 this region had experienced since the 1870's, if not THE coldest.

Thermometers vary a little, and some locations were a little colder than others, depending on how well they were sheltered from the wind, and so on—but temperatures reported ranged all the way from 14 to 19 degrees below zero early Tuesday morning.

By afternoon, the temperature had risen to nearly 10 degrees above zero. The gradual rise continued until it ushered in fairly moderate weather today. Meanwhile, however, flurries of sleet and snow Wednesday helped to make the already snow-covered roads slippery.

Calls for tows for "frozen up" cars that besieged the local garages day and night the first part of the week gave way to occasional calls for tows to get cars out of ditches or snow banks into which they had skidded.

4-H Members Are Honored at Banquet

4-H club members and leaders who have done outstanding work in the state will be entertained by the Illinois Agricultural Association at a 4-H banquet at the Terrace Casino, Morrison Hotel, Chicago, on Tuesday, December 3, at 5:45 p. m. Approximately 600 members from throughout the state will attend, 50 of whom are delegates to the National Club Congress.

Those from Lake County who will attend are: Lois Bonner, Lake Villa; Ruby Kane, Mundelein; Shirley Mills, Libertyville; Nancy Mills, Libertyville; June Rouse, Mundelein; Anna Mae Heinsohn, Libertyville; Norma Stahl, Prairie View; Alice Denman, Lake Villa; Marilyn Will, Grayslake; Jean Mills, Libertyville; Roger Kane, Mundelein; Roy Wells, Antioch; Harry Case, McHenry; Richard Prince, Lake Villa; Mrs. Lewis Mills, Libertyville; Mrs. LeRoy Kane, Mundelein; Mrs. Helen Volk, Grayslake; Mrs. H. C. Gikerson, Grayslake.

Jack DeLisle Opens New Place at 5-Points

Jack DeLisle, who formerly operated the barbecue stand and service station known as Jack & Helen's at Hickory Corners, will hold the grand opening of his new place of business at Five Points on Green Bay and Buckley Roads this Saturday night. Curley's Rhythm Kings will play for the dancing. The new location is just west of North Chicago, and it also will be known as Jack & Helen's.

Paddock Plurality Highest in District

New G. O. P. Congressman Polls Largest Vote Since Chindblom in 1924

The Tenth District is the banner Republican congressional district in the United States. Congressman-elect George A. Paddock's margin of 73,591 votes on November 5 will be the highest district plurality in the Seventy-Seventh Congress, it was announced today. This is the second largest majority in Tenth District records, and the largest since former Congressman Carl R. Chindblom won with 95,909 votes in 1924.

Mr. Paddock, final figures show, received 199,418 votes to 125,827 for his Democratic opponent. Of this 161,084 were in Cook County and 38,334 in Lake County; the Democratic vote was 104,910 in Cook and 20,917 in Lake County.

The Congressman-elect recently returned from Washington, where he conferred with Republican leaders and future colleagues. Mr. Paddock announced that his office staff would include Miss Sigrid Hjorth of Chicago, who was secretary to former Congressman Chindblom, and Mrs. Elsie Coleman, secretary for the late James W. Good while he was congressman from Iowa and until he became a member of President Coolidge's cabinet. Mrs. Coleman is at present secretary to Congressman Charles Hawkes, Jr. of Wisconsin, who was defeated for reelection November 5.

Curtain Call Club to Give Christmas Play

"And There Came Three Wise Men" Will Be Staged Dec. 19

A Christmas play, in which is incorporated a pageant, will be presented by the Curtain Call club of Antioch High school Thursday evening, Dec. 19, at 8 o'clock.

The play, "And There Came Three Wise Men," is directed by Mrs. Marguerite K. Phillips.

The story centers around the character of Clyde Marston, a world-weary gentleman from New York played by Dale Smith. The setting is his "dude ranch" in Montana, now in charge of his Chinese cook, Chopsticks, played by Charles Anderson.

To this refuge, where Clyde expected to spend Christmas away from the world, come Clem Archer, Monty Burr and Waxy Weaver, three cowboys employed during the season on the ranch. Bob Gross, Virgil Burnette and Bob Hunt will have these parts.

A passenger plane en route for New York is forced down and the following arrive to invade Clyde Marston's retreat.

Miss Helen Brookston, Joyce Anderson; Miss Valerie Keane, Violet Loftus; Mrs. Elias Cuntree, Sybil Johnson; Dr. Samuel Pettibone, Bob Dressel; Mrs. Peter Nelson, Ella Faye; Peter Nelson, Richard Hartnell; Penny Garring, Idal Maier; Mrs. Squeers, Roberta Selter; Miss Hopkins, air-hostess, Virjean Hook; Earl Carter, Edward Ruschewski.

The host is forced to accept their company.

Penny Garring, the little English child, a refugee, falls asleep as Earl Carter sings to her, and dreams the story of the nativity.

Cast of Nativity pageant:
Reader: Catherine Quigley
Soloist, Mary Kay Lynn
Mary, Carol Waters
Joseph, Allen Latham

Dr. Zimmerman Leaves for Army Service

Antioch Dentist, 1st Lieut. in Medical Corps, Volun- teers for Service

Called into active service for an indefinite period of time, Dr. L. John Zimmerman, Antioch dentist and a First Lieutenant in the medical reserve corps of the U. S. Army, reported Tuesday at Camp McCoy, Sparta, Wis., where he will assume charge of dental work in the large camp of the Civilian conservation corps established there in connection with Camp McCoy.

It is assumed that Dr. Zimmerman will be in the service for at least a year, though the length of his service has not been determined, neither is it certain that he will remain at Sparta for the entire period.

Dr. Zimmerman has been a member of the U. S. Army reserve corps for 18 years. He volunteered his services at this time because he felt there is a need for his services. All of the more than 100,000 reserves, Dr. Zimmerman says, expect to render patriotic service to their country when need for service arises. He is in line for promotion in the medical corps.

During his absence from his practice here, Dr. L. V. Madden, long time friend of Dr. Zimmerman, will spend three days a week in Antioch, Monday, Tuesday and Wednesday, from 9 a. m. to 9 p. m.

When his leave expires in Chicago he plans to move his family to Antioch.

Former Lake Villa Pastor Now in Welfare Work in Sioux City, Ia.

Mr. and Mrs. Chas. Kelly and their daughter, Lillian, of Lake Villa returned home Friday evening from Sioux City, Iowa, where they were the guests of the Rev. and Mrs. I. B. Allen, former pastor of the Lake Villa Community church. Mr. Kelly reports that the Rev. Allen, who is pastor of a Methodist mission in Sioux City, handles nearly 150 cases every week through the Mission, and that it takes three recreational leaders, a librarian and a deaconess working full time to supervise the big program.

The Mission, located in the slums of the city, is surrounded by some 2000 people crowded into approximately seven square blocks. Many of these people live in tin or tarpaper shacks and depend upon relief support for a living. The Mission is open seven days a week, supports a gymnasium, recreational room, library, nursery, and Church of All Nations. Eighteen or twenty different nationalities take part in the program.

Rev. Allen was pastor of the Lake Villa church for three years before going to Sioux City last September. He is a graduate of Simpson college and Garrett Biblical Institute, having finished his course there last spring.

Says a Sioux City newspaper commenting upon Rev. Allen's work: "He comes with a background of experience and is anxious for his work. We welcome him."

Bob Hardman of Hardman's resort, Jake Drom and Bill Murphy have left to spend a few days quail shooting at Greenuip, Ill. There are rumors that Bill shot a deer while in Wisconsin a few days back.

Cold Weather Opens Winter Sport Program

Begin New Toboggan Slide at Lake Antioch

The snow, ice and cold weather that disgusted lots of folks during the past few days were not met with entire disapproval—for they got Antioch's winter sport activities off to an early start.

Work was begun this week on the building of a new toboggan slide at Lake Antioch, just south of the village. Skating has already been enjoyed on lakes around Antioch, and the famous ski slides in the Wilmot hills are beginning to draw their quota of sports fans from considerable distances.

Many of the resorts have well developed winter sports programs.

Prepare Toboggan Slides

John Steltz of Steltz place on Bluff lake, a pioneer in promoting winter sports in this region, is again to have his popular toboggan slide, which extends down the bluff and out on the lake.

Considerable friendly rivalry exists in the development of this new field of winter sports in the Antioch region, with Bob Hardman of Bluff lake also planning to put into operation the toboggan slide he built last year.

Skating and skiing facilities are also offered by other resorts around the lakes, many of which remain open the year around.

Fine state and United States highways leading out from Chicago, Milwaukee and other nearby cities help to make Antioch an ideal winter sports location.

Business Women are Left in Dark - But It's Not For Long

Thirty-five members of the Antioch Business and Professional Women's club prepared to eat their dinner by candle light when electric power and lights failed in Antioch Monday evening at 6:30 o'clock.

Assembling by the light of hastily gathered candles placed in improvised candlesticks in the home of Mrs. H. B. Gaston, the hungry would-be-diners were deterred only by the non-arrival of Mrs. C. E. Hennings, who was to bring the baked ham, piece de resistance of the meal.

Twenty minutes of anticipation, hesitation, cogitation and determination ensued, and then—the lights went on, went off—and went on again, this time to stay. The ham, a particularly luscious one, was hastily conveyed from the Hennings residence where it had been watched with loving care while it was cooking, to the Gaston home—and the dinner was on. H. B. Gaston was an honorary guest, and offered to become an honorary member if the club would guarantee that all its meals would be equally good.

After a brief business session, the meeting was turned over by the president, Mrs. Vera Rentner, to Mrs. Charles N. Lux, program chairman.

Under Mrs. Lux' charge, a Christmas gift exchange was enjoyed.

Mrs. W. C. Petty was then introduced, and gave a fascinating review of Upton Sinclair's timely "best seller," "In Her End."

In her review, Mrs. Petty showed how Sinclair had skillfully brought out, in story form, trends and events of 20 and 30 years ago—before, during and after the First World War—that helped explain the present state of world affairs.

Home Bureau Group Gives Antique Tea

The Lake County Home Bureau will honor their new members and those who signed them at an Antique Tea to be given Friday afternoon, Dec. 6, at 1:30 p. m. in the Fireplace room of the Presbyterian church in Libertyville.

Mrs. Earl H. Kane is general chairman of the tea with Mrs. J. J. Doerschuck as chairman of refreshments. She will be assisted by Mrs. M. J. Stack, Mrs. Manley Whittier, Mrs. Gilbert Clem, Mrs. William Leng.

The 95 guests will each bring an antique to display and tell its story to the group. Those who have old fashioned dresses will wear them. Music will be given by the Girl's String Ensemble of the Libertyville High school.

Red Cross Chairman Congratulates Antioch on Membership of 183

"Antioch did a grand job during the Red Cross membership drive," reports Mrs. William Marks of Lake Villa, chairman for northern and western Lake county.

"In Antioch, 183 members are reported, as against 87 last year. Some contributions added to this made Antioch's share in the drive \$221."

Because of weather conditions, complete reports on the progress of the drive have been difficult to secure, Mrs. Marks says, but she hopes to be able to make a detailed announcement on the work by next week.

Mrs. A. P. Brautrade was general chairman for the drive in Antioch.

A Significant Tribute

Many of those in a position to know the facts of the case have paid tribute to industry's role in the defense program in recent months. Chiefly, this praise has come from military, naval, and governmental leaders, right up to and including the President himself.

Now, from another and a very important source, come some words which clearly illuminate the place of industry in the present picture of things. The source in question is Milo J. Warner, National Commander of the American Legion, who spoke at the recent solemn ceremonies at the Tomb of the Unknown Soldier in Arlington National Cemetery.

Mr. Warner said in one part of this address: "I know that industry—having long since pledged itself to full cooperation of its skill and resources in mass production for national defense—has and it is today, fulfilling these pledges."

"The truth of the matter is that American industrial progress has been built on America at peace, not on America at war. Our great industrial and economic gains providing the highest standard of living of any people in the world were made in the pursuits of peace. The World War and its aftermath brought to industry only disaster from whatever point of view you choose."

"When industry says it has abundant reason for hating war, I believe the facts confirm its statement. When industry asks that in our preparation for national defense, we guard our economy against the swing of the pendulum from the unbridled boom of over-expansion to the deepest depression, I believe it is talking sense, and talking national sense."

"If there are profiteers, if there are laggards in the ranks of industry, I believe industry itself—the self-examining and public conscious industry that we have in

America today—will hunt them out, smoke them out, and expose them."

Surely here is a warm and glowing word of tribute from a leader of a great and patriotic group in America. It should give all citizens of this country new faith in the success, not only of our efforts toward defense, but just as important, our efforts to reach the mutual understanding and respect among groups which must form the basis of any sound society.

What Is Capitalism?

The head of one of America's largest banks recently had this to say concerning capitalism: "Business must have capital. What is capital? Savings. Whose savings? The people's, yours, your friends, your neighbors. 'Everyone who saves something from his earnings and puts that money to work, or has it put to work for him, is a capitalist."

"That is the American way, the way in which America has been built. Capitalism is democracy—at work." That's simple, and it's sound. Capitalism is a term too often used to mislead the uninformed and create political discord. The truth is that capital is the collective invested savings of millions of people—the man with a hundred dollars, the woman with five hundred.

That's what the capital in the nation's banks consists of. The average bank deposit is small. But put millions of those accounts together and you get real money—the money that goes to build homes, to start businesses, to expand industries, to make jobs, and to do the thousand and one things necessary to keep American industry expanding and employing labor.

The nation's bankers are simply the custodians of this capital. They don't own it. They are hired managers, responsible to their depositors and controlled by the strictest kind of laws. It's their job to put it to work where it is safe—and where it will be employed in building up the wealth and the resources and the economic and social values of America. The great majority of American families are capitalists. Their future security depends on invested savings in industries, in life insurance, in land, etc. Any political trend which weakens our private enterprise system, strikes at individual savings—capital.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Dean of The Moody Bible Institute,
Chicago, Ill.
(Released by Western Newspaper Union.)

Lesson for December 8

Lesson subjects and Scripture texts accepted and copyrighted by International Council of Religious Education; used by permission.

A GOOD NEIGHBOR

LESSON TEXT—Luke 10:25-37.
GOLDEN TEXT—Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind; and thy neighbor as thyself.—Luke 10:27.

What shall I do? These words fall from the lips or pass through the minds of millions of men and women each day.

Never does the question go more deeply than when it concerns man's eternal welfare, as it does in our lesson. Always the question indicates that man is not able to decide for himself, and needs the guidance of someone greater and wiser than he. It should lead us back to God, for only He can fully answer it. The good neighbor story—our Lord tells us.

I. What to Do to Have Eternal Life (vv. 25-28).

The lawyer (a student of the law of Moses and hence a theologian rather than an attorney) was posing a question to try to entrap Jesus. He was apparently not much concerned about eternal life and assumed that it could be obtained by doing something. We know that eternal life is a gift (John 1:12; Rom. 8:23), but if the man wanted to have it by doing, Jesus was ready to meet him. In response to Jesus' question (v. 28) the lawyer gave Him what the Jews regarded as the summary of the whole law.

The man who can perfectly keep that law will have eternal life, declares Jesus. But note that you must do it, not just talk about it. And you must keep the whole law, "for whosoever shall keep the whole law, and yet stumble in one point, he is become guilty of all" (James 2:10, R. V.; see also Gal. 3:10). We see then.

II. Why It Cannot Be Done by Man (v. 29).

The lawyer's effort to justify himself by diverting attention to the word "neighbor," which he felt needed definition, showed that he could not do the thing expected of him. The reason for man's failure lies primarily in his own weakness and inability to do what God requires, but is also revealed in his pitiable and futile efforts to justify himself.

The one who seeing his sinfulness and his utter inability to keep God's law casts himself on the Lord and is ready to receive the gift of eternal life, but the one who tries to defend his position and justify himself has shut the door on God's grace and mercy (see Luke 10:14). Let us see.

III. How Christ Does It for and in Man (vv. 30-37).

The parable of the Good Samaritan answers fully and finally the question, "Who is my neighbor?" by making it clear that anyone who is in need, regardless of race, social position, condition or religion, is our neighbor. The priest and the Levite doubtless had plenty of excuses for not helping the wounded man, but let us remember that excuses, while they may count with men, mean only our condemnation in the presence of God.

It was the spirit of Christ that made the Samaritan show a compassionate and sacrificial interest in the needy man. Only Christ can make you and me like that; His love in the heart is the only "good neighbor program" that will ever work.

But Christ not only enables man to be a good neighbor, He is in fact the true Good Neighbor Himself; He is the Good Samaritan. "Jerusalem is the city of God; Jericho represents the world. The traveler is the type of humanity. Man has fallen in the awful road which leads down; fallen among thieves and is naked, wounded, helpless and hopeless. The failure of the priest and the scribe to help illustrates the inability of the law and the ordinances to save man out of his deplorable condition. The Good Samaritan is the Lord Jesus Christ. He came to the place where the lost are and He alone could have compassion on them. The wine typifies His precious blood He shed to save us. The oil is the type of the Holy Spirit, who applies the blood. He takes care of fallen man found by Christ. The inn is typical of the church, where the Lord through His Spirit cares for His own. The two pence are not typical of two sacraments, but speak of the reward which those receive who under the Holy Spirit care for souls. The promised coming again with a greater reward offered is the second coming of our Lord" (A. C. Gaebelein).

Two truths stand out in our lesson. There is such a thing as being a good neighbor by the grace and blessing of God, and if we are followers of Christ we should be real neighbors. Then there is the One who is Himself our Friend and Brother, the One of whom we sing: "He washed the bleeding sin wounds And poured in oil and wine; He whispered to assure me, 'I've found thee, thou art Mine.'" Guatemala Indian Costume Modeled To Illustrate Talk

Miss Marjorie Lynn modeled a Guatemalan Indian woman's costume shown by Miss Elizabeth Webb in connection with a talk she gave on her recent Central American trip, at a desert luncheon sponsored by Wesley circle last Wednesday afternoon in the home of Mrs. N. E. Sibley.

The costume worn by Miss Lynn was complete even to the native shoes, and was brought back by Miss Webb when she and Mrs. Chase Webb returned a few weeks ago from a 19-day tour of Guatemala and Honduras.

Its colorful textiles, Miss Webb pointed out, were woven and embroidered entirely by hand. She showed many other hand-made textiles and articles.

A jeweled cross dated 1761; a machete, the all-purpose knife or scythe of the tropics; jewelry made from Guatemalan silver coins; woven belts and scarfs, and a bag of coarse, hand-knotted fiber were among the curios she displayed to the 35 women present.

More than 100 pictures which she took during the course of her travels were also passed around by Miss Webb to give her listeners "eye-views" of scenes she herself witnessed.

Among the most interesting features of her journeys in the tropics, she said, were a visit to "Banana land," the fruit-growing region of Honduras; the beauty of the churches—she saw many in Guatemala that were 400 years old; the amazing climate of Guatemala, due to the variation in altitude from lowlands to mountains; the black volcanic sands along the Pacific ocean; and a visit to a coffee plantation in Guatemala.

CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Neoromancy, Allis Mesmerism and Hypnotism, Denounced," was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 1.

The Golden Text was, "Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else" (Isaiah 45:22).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation, and the sword of the Spirit, which is the word of God" (Ephesians 6:11, 14-17).

The Lesson-Sermon also included the following passages from the Christian Science text book: "Science and Health with Key to the Scriptures," by Mary Baker Eddy; "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Child in the pain only of love, human hatred cannot reach you. The cement of a higher unity will unite all interests in the one divinity" (p. 571).

40 YEARS AGO
In the Antioch News
November 29, 1900

At his home near Millbarn, Oct. 30, occurred the death of George E. Smith, aged 91 years, 9 months and 6 days. His wife, Mercy G., with whom he passed more than 61 years of wedded life, died January 12, of the present year. They were natives of Salem, Mass., but had been residents of this place for many years, having come to Illinois August, 1839, and soon after settled on the farm where they ever since resided until called away to their better home above. Will the vogue of the automobile result in the restoration of the old-fashioned linen duster, asks the New York Times. Time was when every traveler considered it necessary to own one of them. The automobile kicks up a lot of dust when the streets are dry, and some of the drivers of these machines have taken to the duster as a means of protecting their clothing.

E. J. Jones writes from Aberdeen, Wash.—
"Well, John (Editor J. J. Burke), I see by your paper that on election day you had a 'jennie blizzard.' Here in Washington the sun shone bright and it was as pleasant as a May day and of course nearly everyone went to the polls and voted, so Wm. McKinley got there."

"This town, Aberdeen, is about 15 miles from the coast, and its principal industry is lumbering, fishing and gambling. It is about twice as large as Antioch."

"Well, John, I see you made a call for potatoes through your paper. If I had been in arrears, I might have substituted with pears when I was down in Oregon, as I saw bushels of them rotting on the ground when I made a trip of around 300 miles with two chums, on our bikes."

"Don't forget to send the paper, John."

Damage amounting to \$8,000 resulted from a fire that destroyed the barn and silo on the Dan Webb farm at Hickory Corners.

The case of Frank T. Fowler vs. the Chicago Telephone company, in

which Mr. Fowler asks damages to the amount of \$10,000 on the grounds that employees of the telephone company last winter entered three houses on his farm at Sand Lake for the purpose of removing telephones, is arousing considerable interest in this vicinity. It is alleged that the employees unlocked the doors of two of the houses and broke a window to gain admittance to the third, their motive in removing the phones being an unpaid bill. Trouble between Mr. Fowler and the company over some matter in Chicago is said to be back of the action.
